

## Rolleston Quarry

### Community Liaison Group Meeting

Held at the Rolleston Combined Church

Thursday 1 August 2013

**Present:** Murray Francis (Road Metals), Jonny Francis (Road Metals), Wendy Gallagher (SDC), Karyn Mitchell, Simon Lock, Mark Alexander, Martin Crow

**Apologies:** Andy Barbati (ECan)

---

Meeting commenced at 7:30 pm.

Simon was nominated and then unanimously elected as chair for the Community Liaison Group (CLG).

Murray stated that he was very happy with the formation of the CLG and said that he expected it to work very well for all parties.

There was a discussion around how the CLG would be run. Jonny offered to take and distribute the meeting minutes. The minutes would be made available on the Road Metals web site and would be distributed to all those who attended the meeting.

The RRRI would notify all interested parties of the upcoming meetings and the opportunity would be given for any party with concerns to address the CLG.

Jonny gave the group an outline of the expected programme for the quarry site over the next 4 to 6 weeks. Fencing of the entrance and gateway had started and it was expected that Road Metals would begin the topsoil stripping and bund formation in about a week and a half. This work would take approximately 4 weeks but was weather dependant.

The landscaping of the bund at the entranceway was discussed with one option being something similar to the bund opposite Hoskyns Rd on SH1.

The next meeting would be held on site at the Rolleston Quarry on Wards Rd in approximately 4 weeks after the quarry office had been established. It was decided that Thursday nights were the most suitable for CLG meetings to be held. Jonny to advise the date for the next meeting.

Meeting declared closed at 8:24 pm.
