

## Rolleston Quarry

### Community Liaison Group Meeting

Held at the Rolleston Quarry - Wards Road

Thursday 14 March 2019

**Present:** Jonny Francis (Road Metals), Murray Francis (Road Metals), John Roux, Andreea Wilson (SDC).

**Apologies:** Norm Marsh (ECan), Clayton Fairbairn, Mark Alexander.

---

Meeting commenced at 7:30 pm.

Norm Marsh confirmed via email that there were no compliance issues with the ECan resource consents.

Murray welcomed Andreea to the group and acknowledged the good work that Jane had done with the group.

Andreea had reviewed the consent conditions and had undertaken a site inspection in February. There had been no complaints and no issues. The SDC were monitoring the consent closely.

Traffic numbers were presented to the group and confirmed compliance.

The application to vary consent conditions relating to traffic numbers was now on hold as the market had slowed down. This made achieving compliance easier.

The workshop was going to be extended to make more room for the staff working there.

An open day was held at the quarry for members of the public on the 6<sup>th</sup> October. A lot of positive feedback was received and it was felt this was a very successful day. This would possibly be held every second year.

Regretfully, Clayton had resigned his position on the CLG as he no longer lived near Rolleston. Murray thanked Clayton for his contribution to the CLG. The CLG was now looking for more residents to join the group.

It was proposed that the next meeting would be held on site at the Rolleston Quarry on Wards Rd on 12 September 2019.

Meeting declared closed at 8:10 pm.
