

Yaldhurst Quarry – RM4 Community Liaison Group Meeting

Held at the Yaldhurst Quarry – West Coast Road

Thursday 30 January 2020

Present: Soraya Nicholas (Chair), Bev Lawrence, Jonny Francis (Road Metals),
Lindsay Forbes (Road Metals), Jana Hayes (ECan), Paul Tweed (CCC).

Apologies: Derek Vallance, Nancy van Gosliga, Kevin Crews.

Meeting commenced at 6:05 pm.

Lindsay explained what work had been undertaken as part of the quarry extension to date. This included periods of extraction and some topsoil stripping. The next six months would be more of the same with extraction dependant on market demand.

A reference dust monitor was set up and running beside the other monitor and both of these were located on the property where John Clarke was living (property next to the cemetery).

Dust data would be shared with the group at the next meeting and was currently being sent through to ECan on a monthly basis.

The CCC and ECan had not received any complaints or noticed any issues with the RM4 extension.

The residents had no specific dust complaints but had noticed an increase in background noise from time to time.

Lindsay would email an update to the Liaison Group in three months time.

It was proposed that the next meeting would be held on site at the Yaldhurst Quarry on 30 July 2020 at 6pm.

Meeting declared closed at 6:30 pm.
